

At the heart of Greenwood Village is the clubhouse, the community's center for recreational and social activity.

Diversify your health routine with the exercise room's combination of cardio and weight machines. Join your neighbors for a friendly game at the billiards table, cards or a box game in the game room. Grab a book from the library and relax in the great room or hone your skills in the catering kitchen.

The great amenities continue outside where owners and guests will be able to keep busy! An outdoor pool with a new ADA chair lift and the patio are perfect for a swim or lounging. There's also a nice picnic and BBQ area as well as tennis, bocce, shuffleboard and pickleball. At

Greenwood Village, residents will have no problem keeping their calendars full! The RV parking area and the community transit are available for the resident's convenience! On Site Management, an On Site Activities Coordinator, a monthly newsletter, snow removal and weekly lawn service add to the convenience and the comfort of the community!
